Hampton, Feb. 20, 1911.

Your committee and the trustees congratulate themselves and the town on another year's successful work in the Academy and High school. Reference books and apparatus have been secured as the State Superintendent requires. His requirements as to entrance examination and work to be accomplished have been more than met. The faithful, intelligent, self sacrificing work of the teachers have fully sustained the high standard of the school. Difficulties have been overcome. The great want of the school is lack of funds. We fear that we shall have again to appeal to the generosity of Hon. Edward Tuck, who has so liberally helped us in the past. Had not the Leavitt legacy been entirely lost by an unfortunate investment the school would now be on its feet financially. We cannot afford to lower the high standing of the school, or lessen its efficiency; therefore we shall have to ask for the same appropriation as last year, and we feel assured that the town will deal as generously with the school as it has in previous years.

For the Committee,

J. A. ROSS, Chairman

ROLL OF HONOR

Guy S. Garland, H. Estow Hobbs, Bertram E. Lamprey.

The Grammar school has successfully maintained its high standard, under the capable and efficient guidance of Miss Mary C. Pollard, and good progress has been made throughout the past school year.

Miss Julia Locke, assistant teacher, has been with us again this year. Her methods are thorough and she has been very faithful in endeavoring to promote the best interests of the school.

The Grammar school has been very much crowded the past year. Every seat has been filled, extra ones put in, and some of the scholars have been obliged to sit at tables, because there was no room for any more desks.

The Intermediate school has had the same teacher as last year,

Miss Addie C Marston. The work of the school has been thorough, and the pupils have made gratifying advancement in the various studies.

Miss Josephine Joplin, the teacher of the Centre Primary school, holds the affectionate regard of her pupils, and under her instruction the school has made its usual good progress during the past year.

At the end of the school year, Miss Ethel V. Stevens resigned from the East Primary school, and Miss Irene J. Trefethen was secured to teach in her place. The progress of the school has been good for the year.

The North Primary school is fortunate in still retaining the services of Miss Etta C. Blake. Her earnest and painstaking work readily shows in the steady advancement made by her pupils during the past school year.

The School Board was asked, by a number of parents, to re-open the West Primary school, and they consented to do so, providing there was a sufficient number of scholars to keep a teacher busy. The services of Miss Dorothy Smart were secured. It was the first school she has taught, and she has won the love and respect of her scholars, who have made satisfactory progress for the fall term.

The study of vocal music still continues to hold the interest and enjoyment of the schools, which have all done well in this branch of instruction. The School Board is much gratified with the progress shown in vocal music the past year, under the instruction of Mr. Carl Akeley.

GENERAL REMARKS

TO PARENTS AND PUPILS:—

We feel that we have reason to be proud of our schools, which are fully up to their former high standard in every way. Our teachers are efficient and faithful, as the gratifying results of their labors plainly show. But, notwithstanding this, we must again call attention to the drawbacks incurred by tardiness or non-attendance. A satisfactory showing cannot be made by a class or school, when even a small proportion of the pupils are late or absent, and it is not just that the standing of all should suffer because of the delinquency of the few! We cannot too strongly urge the pupils to make an effort to maintain a high standard of excellence in prompt attendance, as well as in their studies, realizing that habits of promptness inculcated in youth are of inestimable value in later years.

To the parents we extend a cordial and urgent invitation to visit our schools often, by their interest and presence encouraging both pupils and teachers, and keeping in touch with the general work of the schools.

141 volumes have been added to the catalogue, making the number 3629.

Number of books issued for year ending Feb. 15, 1911, 6049,

exceeding the issue of last year by 1240.

Average number of books issued per day 104.

For a number of years the friends and patrons of the Library had been impressed with the fact that larger and better accommodations were very much needed.

It is with great pleasure we can report this need has been fully met in the new Memorial library building, the generous gift of Mr. Howard G. Lane, in memory of his father, Joshua A. Lane.

The dedication and presentation to the town occurred on Dec 14, 1910. On Dec. 29th, the books were transferred from the room in the town hall they had occupied for nearly half a century, to the commodious, convenient and well lighted room provided for them.

The last annual appropriation was not sufficient to meet all necessary additional expenses. However, through the interest and co-operation of the selectmen, it was possible to open the library for the issuing of books on every Wednesday and Saturday afternoon and evening, and the reading room on every week day evening, and on Wednesday and Saturday afternoons.

On the tables in the reading room have been placed the following magazines and newspapers: Century, McClure's, Munsey's, Harper's Monthly, Scribner's, Review of Reviews, World's Work, National Sportsman, Outing, St. Nicholas, Bird Lore, Popular Electricity, Popular Mechanics, Granite State Magazine, Punch, Life, Youth's Companion, Ladies' Home Journal, Scientific American, Ills. London News, Literary Digest, Exeter News Letter, Hamptons Union, Newburyport Daily News, Boston Record and Boston Globe.

That the opportunities presented by the reading room, with its

pleasant and attractive surroundings, is being appreciated by the public, may be judged by the fact that notwithstanding much unfavorable weather and traveling, the number of visitors availing themselves of its privileges from Jan. 7 to Feb. 15, numbered 365, making the average number per day 11. The largest number of visitors on any one day being 37.
